Go to the "Basic Strategy Practice" mode of the game in order to practice and gain more funds to use in the normal blackjack game

Player's Hand Value: 10

H - Hit, S - Stand, D - Double, P - Split

This mode isn't about WINNING the hand, it's about playing the best possible move for the given scenario.

This hand's best move is to DOUBLE, but that might not seem immediately obvious. So, included in the game files is a chart of the strategy used in this game.

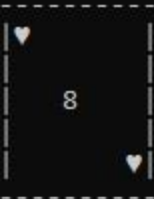

The chart is also pictured below.
